SUMMARY

Motivated Full Stack Developer with 1 Year of experience building and maintaining Web Development. Proficient in modern frontend technologies such as React, Next.js, and React Native, along with backend development using Node.js and Express.js. Experienced in implementing responsive designs, optimizing performance, and ensuring seamless user experiences. Passionate about learning new technologies, solving complex problems, and contributing to innovative projects. Excited to collaborate with dynamic teams and deliver user-centric solutions that drive impact.

TECHNICAL SKILLS

- Frontend: React, Next.js, React Native, HTML, CSS, JavaScript, TailwindCSS, Bootstrap, WordPress
- Backend: Node.js, Express.js, PHP
- Databases: MongoDB, MySQL
- Version Control: Git, GitHub

PROFESSIONAL EXPERIENCE

Webzaa (Frontend Developer) (Apr 2025 – Present)

- Developed responsive and user-friendly real estate web interfaces using HTML5, CSS3, Bootstrap, and JavaScript with a mobile-first approach.
- Implemented modern UI components, sliders, and animations to enhance visual appeal and interactivity.
- Ensured cross-browser compatibility and optimized performance for a smooth user experience across all devices.

Blackhole Inverse LLP (Full Stack Developer) (May 2024 – Aug 2024)

- Developed and maintained a responsive e-commerce website, handling both frontend and backend development.
- Utilized React for the frontend, Node.js and Express.js for the backend, and integrated databases for seamless functionality.
- Implemented features such as user authentication, product management, and payment gateway integration.

Manajoo Solutions (App Developer) (Oct 2024 – Jan 2025)

- Contributed to the development of two mobile applications:
- Homolicious App: Focused on designing an intuitive user interface and implementing key features to enhance user experience.
- Matrimony App: Developed and optimized React Native components to deliver smooth performance and functionality.

EDUCATION

MERN Stack Development

Awdiz IT Institute, Navi Mumbai

- Completed a 6-month intensive program covering MongoDB, Express.js, React, and Node.js.
- Focused on full-stack web application development and deployment.

Bachelor of Arts - Political Science

PROJECTS

- **E-commerce Web App:** Built a responsive MERN stack e-commerce application, integrating features like user authentication, product management, and payment gateway.
- **Capstone Project:** Successfully completed a capstone project during the MERN stack course, receiving top grades for implementation and functionality.
